

WEEK 10

Crucifixion

John 19: 17-42

Key Verse John 19: 30

When he had received the drink, Jesus said, "it is finished"

Crucifixion is perhaps the cruellest form of execution ever invented, but John does not focus on the horror or brutality.

What does John focus on, and why?

How do you think witnessing the crucifixion might have impacted on John?

The greek word “finished” is the same word as “paid in full”
How do you understand what happens the cross in terms of how we are put right with God?

Spend some time in prayer and reflection as you re-read the account.
